### **SATURDAY: Building Motivation and Drive**

We all want a willing and active partner excited to participate in canine performance sports with us. Kamal will guide us in building and improving our dog's drive with a variety of reinforcers. Each working team will discover and improve their dog's hidden drive and increase their motivation to work with us.

### **SUNDAY: Heeling**

The beauty between a dog and handler is never more illustrated, then the picture of a team doing heeling in unison, capturing both drive and accuracy. Find out how to teach this exercise with Kamal Fernandez, international seminar presenter and top level dog sports coach. His pupils have competed successfully at the top level including world championships in the UK, USA, New Zealand, Australia, Europe and Asia! Their breath taking performances have been a trade mark of the method and the embodiment of the dog/handler relationship!

This seminar will cover how to teach the preliminary exercises, foundation layers and piecing the parts together, including:

- Hand targets
- Creating eye catching movement
- Statics for clear understanding
- Ground work for competition
- Drive and motivation games for heeling
- Proofing games for heeling

Come see for yourself!
